A coalition of individuals, businesses and organizations supporting our Utah State Parks.

OUR MISSION

The Friends of Utah State Parks is a non-profit organization made up of a coalition of local state parks friends organizations, affiliate organizations and interested individuals who share our mission:

“to preserve, protect, promote, advocate and educate about the cultural heritage, history, natural resources and funding needs of Utah State Parks.”

FRIENDS OF UTAH STATE PARKS

We Need Your Support!

ABOUT US

We are bikers, hikers and horseback riders. We are geocachers, boaters and off-roaders. We are history buffs, golfers, anglers and campers. We all have a passion for the affordable, close-to-home recreation opportunities our state parks offer.

The Friends of Utah State Parks was created in 2007 by a group of concerned citizens with the mission to preserve, protect, promote, advocate and educate about the cultural heritage, history, natural resources and funding needs of Utah State Parks.

Our core purpose is to be an essential parks partner, inspire visitors and foster meaningful connections with state parks.

WHAT WE DO

With the help of our members, sponsors and donors, we provide funding assistance for various state park projects, educate political leaders about the importance of Utah's state parks and programs, and increase public awareness of available opportunities.

OUR GOALS

- Increase public awareness of the natural and cultural importance of Utah's state parks, museums and programs.
- Develop community support through establishing partnerships with park friends groups, businesses, community leaders and citizens of Utah.
- Provide a unified and independent statewide voice for all park visitors.
- Provide matching fund assistance to park friends groups, state parks and programs for projects that help generate revenue, stage events, develop interpretive programs and materials and fund small park improvements.

WE NEED YOUR SUPPORT

It is imperative that we work closely with Utah's state parks supporters to build a strong coalition of park friends groups, park affiliates and users to:

PRESERVE... and enhance Utah's incredible natural, scenic, cultural, historic and recreation sites to provide accessibility for everyone.

PROTECT... our natural and cultural resources so future generations will have a chance to appreciate our heritage by working with state and community leaders.

PROMOTE... awareness and appreciation of the greater quality of life benefits through wise stewardship, management and development of responsible recreation opportunities for present and future generations.

MEMBERSHIP TYPES

Several membership types are available. Choose one that fits your needs and budget and help support Utah State Parks.
